Hi Mistin,

I sent your inquiry to an EPA On-Scene Coordinator that I think may be a good contact for you. I will let you know his response or who he directs me to.

There is also an EPA Regional Response Team Meeting every day at 1:30 PM.

CAPT Knowles, I am contacting you to inquire as to whether you have an EPA contact that might be available for us here at PHX Area in case our Tribes are affected by the mine release. I know you are quite busy with this but in the spirit of being proactive, we are monitoring the SitReps and data as it is released just in case the pollutants reach our AZ Tribes. I also realize the complexity and sensitive nature of the information. Thank you in advance for your help.
